BAND TO GIVE GRAND PATRIOTIC CONCERT

Program To Start At 2 P. M. Sunday

To pay tribute to the service men of the nation, and to instill in the hearts of Daly City people the patriotism for "absolute and complete victory," the Daly City Band will present a Grand Patriotic Concert, Sunday at 2 p. m. at the Jefferson Union high school auditorium.

Under the auspices of the Daly City WPA Recreation department and the City of Daly City, the concert is open to the public, and there will be no admission charge. George E. Brenner, conductor of the band, announced that a two hour program of military marches, new concert arrangements, and several special numbers have been prepared. He urged that the public attend, expressing the desire of the band for a good turnout.

Featuring the military airs are the stirring marches of John Phillip Sousa, "United States Field Artillery March" and the immortal "Stars and Stripes Forever." Another march of Conductor Brenner's own composition is "Land of Liberty," which will feature a vocal refrain by Miss Alba Canale.

"Anchors Aweigh," official theme of the United States Navy will be specialized by Dorothy Langensand, clever majorette who does a baton twirling act. George Jessel's "Parade of the Wooden Soldiers" will be headlined by a majorette drill by Miss Anna Marie Domecus and Miss Eleanor Benedetti. Another maj-

Awards were given to the graduates by Daly City Post No. 410, American Legion, Daly City Unit 410, American Legion auxiliary, and the Parent-Teacher associations of each school.

The American Legion scholarship award, presented by Arthur Quirmbach, post commander, is based on the merits of the pupils over the entire school year. Arrest Three For Street Rioting

Arraigned in the justice court on four separate counts of a misdemeanor, Johnny Compagno and Theresa Compagno, 837 London street, San Francisco, appeared before Judge John J. Fahey jr., Friday, and the case was set for plea Friday, February 13, at 2:30 p. m.

Charged with resisting an officer, battery, disturbing the peace and rioting, the brother and sister were arraigned and the reading of the plea was waived. Another brother in the family involved, Tony Compagno, football star at St. Mary's college, failed to appear in court with the other two, and Judge Fahey, recognizing the shortage of time, ordered him to surrender himself to the court, Tuesday.

Thomas Hogan, also of San Francisco and a fourth defendant in the case was not arrested.

The arraignment and subsequent trial was the immediate result of a street brawl, Sunday, at Mission circle when Officer Ed Heim of the Daly City Police department was severely injured when the Compagnos assaulted him and Officer Joseph Kusber. The officers were beaten when

Joseph Straughan Is Seriously Ill

Joseph Straughan, well-known scoutleader and cubmaster of Group No. 141, was taken to Fort Miley Veterans hospital, Friday afternoon, seriously ill.

Straughan has for several years been active in scout work. He recently organized a Cubbies group for boys under cub age.

Until further notice all Pack and Troop No. 141 meetings will be cancelled. It was announced however, that the cub dens would still meet.

Defense Council To Supervise Units

Formation of thirteen first aid squads to act under the supervision of the Civilian Defense Council will begin today when supplies will be issued and volunteers will be assigned to the districts in the city, according to an announcement by R. L. Crane jr., co-ordinator of first aid.

Making an urgent appeal for more first aid volunteers, Crane said that the first aid squads will be short about forty people, a fact which was shown by a survey of the membership rolls of the standard classes now in progress. Crane declared that the squads are particularly short of men in the classes.

"We have had a splendid response from the ladies," Crane reassured, "but we are woefully short of help from men in answering this most vital need in civilian defense.

"There will be plenty of work for the women to do, and we will need all we have, but some of the work is heavy. Much of it requires heavy lifting, and other jobs that require a man's capabilities."

The survey of the class memberships showed that in some districts of the city there are but one or two registered first aid

Evelyn Ciemoli Wins Skating Prize

Ice skating honors were won by Evelyn Margo Ciemoli, 813 Brunswick street, and her partner, Bill Kothgassner, San Francisco, when the couple won the second prize award in the finals of a pair skating contest at Winterland, last Tuesday.

The couple almost won first prize, the judges' decision having been made only after the performance had been repeated several times. In progress for several weeks, the contest is sponsored by Winterland, and the outstanding couple each week is competed in the semi-finals. Twelve pair were chosen from the

Success Story-- A Ballet Version

"Nothing succeeds like success," hackneyed phrase though it is, seems to best describe the career of Harold Lang, talented Daly City ballet dancer, who appeared with the Ballet Russe de Monte Carlo, last week in San Francisco.

Lang, son of Mr. and Mrs. A. N. Lang, 14 Alp street, first rose to prominence in the Bay area when he did outstanding work with the San Francisco Opera ballet. For one so young, a place with the local ballet was impressive achievement, but apparently it was not goal enough for Lang. He vowed that before he was 21 he would dance the Ballet Russe.

Last summer, he joined the world-famous ballet for a series

AWVS To Demonstrate Air Raid Protection

Daly City's unit of the American Women's Voluntary Services is sponsoring an air raid protection demonstration for the general public, this evening, in the Jefferson Union high school auditorium. Everyone is urged to attend; the meeting begins at 8 p. m.

Arthur J. Bodien, local civilian defense chief, will open the session with a brief talk. Mrs. W. P. Fuller, American Women's Voluntary Services instructor, will direct the mass demonstration of air raid protection.

Mrs. Walter Lehigh, who has been instrumental in the forming of the Daly City unit, AWVS, announced that city officials and all men and women of the community were invited to attend.

"I believe you will find this meeting both interesting and instructive," Mrs. Lehigh said.

Court Action To Begin Tomorrow

Suit has been filed by over one hundred South End property owners of Daly City against the city council's assessment of the street improvement project in that district. Court action will begin, tomorrow, in Judge Maxwell McNutt's court in Redwood City with a preliminary hearing.

Tomorrow's hearing is expected to ensue with an application by the property owners for an injunction during the suit. The suit is the result of a protest meeting early last month between the city council and the taxpayers, at which time the city council adopted a resolution authorizing the levy after hearing testimonies from city officials, contractors of the job and property owners' representatives.

The suit claims that the procedure of the assessment was illegal, according to the resolution of intention which was attached to the levy. South End property owners claim that the estimate of the assessment amounted to $75,000. The project was actually assessed to the amount of $131,000. In addition to this claim, the resolution of intention, allegedly, required the WPA to furnish $178,000 for the completion of the job, while the taxpayers claim that the records show that only $122,000 was supplied by the WPA.

Another claim in the suit is that the city council failed to comply with the Debt Limitations Act of 1931, which limits the jurisdiction of the council in assessment procedure. Numerous changes were said, by property owners, to have been made in the levy.

Ten thousand dollars in engineering work was added to the

Ruth Draper Coming To Curran

Ruth Draper, described by Alexander Woollcott as "The Magic Woman," comes to the Curran for one week beginning Monday night, February 9, in a repertoire of her monologues that have made this amazing woman famous throughout the entire world.

She is a linguist and it is her beautiful clear diction that has always fascinated her English audiences. It is worthy to note that while she was in Australia the school authorities closed the high schools and colleges at various times to permit the students to witness her performance.

Miss Draper's repertoire during her week's stay in San Francisco will be as follows: Monday and Tuesday nights, "In County Kerry," "The Actress," "Doctors and Diets," "In a Church in Italy;" Wednesday matinee, "At a Children's Party in Philadelphia," "On The Porch in a Maine Coast Village," "Showing the Garden," "A Dalmatian Peasant in the Hall of a New Hospital," "In a Railway Station on the Western Plains;" Wednesday and Saturday nights, "Three Generations in a Court of Domestic Relations," "Three Breakfasts," "A Class in Greek Poise," "The Italian Lesson," "A Scottish Immigrant at Ellis Island;" Thursday and Friday nights, "Opening a Bazaar," "Three Women and Mr. Clifford," "On a Porch in a Maine Coast Village," "In a Church in Italy;" Saturday matinee, "The Italian Lesson," "A Dalmatian Peasant in the Hall of a New York Hospital," "A Class in Greek Poise," "In a Church in Italy."

Sausage Dishes are rich in VITAMIN B

Dorothy Greig

IT'S always wonderful to discover that a dish that's good for us is a pleasure treat, too. Like these sausage pies, for instance. Pork, the nutrition experts tell us, is one of our richest sources of Vitamin B, the vitamin that helps keep morale high and nerves steady. It's an important vitamin indeed in these war wracked days.

That's why our little pork sausage pies are good for us. But when we bite through their tender biscuit crust we'll probably forget that and enjoy them for the delicious morsels they are. With them we serve a smooth and lavish mushroom sauce made of condensed cream of mushroom soup.

Individual Sausage Pies with Mushroom Sauce

1 pound sausage
4 cups prepared biscuit flour
1 cup milk (approximately)

Shape the sausage into flat individual cakes, then cook slowly until browned on both sides, but not thoroughly cooked because sausage will continue cooking in oven.

Mix the milk with the prepared biscuit flour, roll out ⅛ inch thick. Cut with round cutter about 4 inches in diameter. Place sausage cakes on the dough, brush edges of dough with milk. Cover each sausage with second piece of dough which has been perforated so steam may escape. Press edges together and bake in a hot oven. 450° F., for 10-15 minutes or until golden brown. Serves 6-8.

The Sauce:

1 can condensed cream of mushroom soup
½ cup milk

Stir the milk into the cream of mushroom soup. Heat and serve over the Sausage Pies. Makes 1¾ cups.

It's a Fact

Strange things happen to food at high altitudes. In an airliner 10,000 feet up, a three-minute egg takes 12 minutes to boil, an ordinary cake collapses and soup in a regular vacuum bottle boils and blows the cork out.

Rio Grande Omelet

Dorothy Greig

FRESH crusty rolls, a dish of raw carrot strips and celery stalks crisped in ice water, and this Rio Grande omelet make the main

course of just about as zestful a meal as anyone could wish. It's a meal, too, that can be whisked together with little trouble—important in these days when war work takes so much of our time. A satisfying dessert to such a meal is apple sauce pressed through a sieve until smooth, then flavored with nutmeg and served with cream. But now for the omelet—this is the way to make it:

The Sauce for it:

2 tablespoons onions, chopped
1 tablespoon green pepper, chopped
2 tablespoons butter
1 can condensed tomato soup
½ cup mushrooms, cooked

Sauté the chopped onion and green pepper in the butter until soft, but not brown. Then add the condensed tomato soup and the ½ cup cooked mushrooms.

The Omelet:

6 eggs
½ teaspoon salt
Pinch of pepper
3 tablespoons water
2 tablespoons butter

Beat the eggs until well mixed; then add seasonings and water and mix again. Melt the butter in a pan and place over a moderate flame. Pour eggs in pan and as the omelet cooks, lift the edges and tip the pan so that the uncooked egg flows under the cooked portion of the omelet. When bottom is browned, put three tablespoons of the sauce in the omelet and fold over or roll. Serve omelet on a platter or plate and put more sauce over or around it. Serves 3-4.

Checkup on Lighting

Because shorter days mean that most workers have to drive home after sunset, motorists are urged to give special attention to the efficiency of their lighting equipment. Headlights should be checked to comply with the law and tail lights should be inspected to see that they are in working order and are bright enough to be visible at a distance of 500 feet. Motorists should also remember that they are now required by law to use the lower headlight beams when coming within 500 feet of an approaching car.

Chief Source of Revenue

Chief source of revenue in the Bahamas are the tourist trade, sponge growing, sisal cultivations and the production of straw hats and baskets from this plant. Agriculture is rapidly being developed and there is an increasing production of jewelry from tortoise-shell and sea-shells.

Civilian air raid spotters will have no difficulty distinguishing Axis planes from those of the United Nations if they memorize the markings illustrated above. American and British planes have designs of red, white and blue, and Russia has a red star. Watchers on the southern border occasionally may see the red triangle of Mexico. Axis raiders are easily spotted through the familiar black cross and swastika of Germany, the round red rising sun emblem of Japan and the Roman fasces insignia borne by Italian planes.

Universal Press Clinches Championship In Daly City Bowling League Contest

With play in the Daly City bowling league winding up within the next week, Universal Press clinched the championship with a 2 to 1 victory over the Lions, Friday night.

It was a big night for eight bowlers when they shot games of 200 or better, and the race for high season honors tightened when Ben Schindler, Sheriff bowler, edged Persson from first place with a 177 average. Rolling for Conci's, Persson, after leading the league all season, dropped a pin during the contest between the two teams, thus finishing the week with a 176 score, one point below Schindler. Next week's play will determine which one will be high for the season.

Cliff Curry and Tony Milo rolled the high games of the eventful evening, both with a 244 score. Schindler shot a 220 score for the evening, and Hugh Smith jr. turned in an outstanding performance by rolling a 205 and a 212 score in two games of the evening. Other bowlers who scored over 200 were: John Craig, 210; Gary Garabaldi, 208; Guido Lazzari, 202; and Frank Thur, 202.

Colma Vista Grande Eagles trounced the Daly City Cleaners in three straight games, and the Sheriffs did likewise against Conci's. Curry's Barbers won over Milo's Market by a score of 2 to 1.

The final week of play will find the Sheriffs rolling with the Eagles in alleys 1 and 2; Cleaners and Conci's in 3 and 4; Universal and Curry's in 5 and 6; and Milo's and the Lions in 7 and 8.

Mrs. Horace Fellows Takes Active Role In Local Red Cross Activities Program

(See Picture on Page 1)

Have you ever seen a lady lugging a portable sewing machine up the stairs of the Daly City Theatre hall? (Lugging is the word for it—that fifty pounds can be heavy, regardless of what the manufacturers say).

Maybe you have seen her going into the public library with an armload of books for the soldiers and sailors. As a matter of fact, you might see her in almost anything sponsored by the American Red Cross. The lady is Mrs. Horace Fellows, town chairman of the Red Cross in Daly City, and one of the busiest individuals in this community.

The interesting part of it is the fact that the work is always for the benefit of someone else.

What does Mrs. Fellows get out of it, you might ask. Well, she has a swell time doing it, and that is all. But that is enough, according to Mrs. Fellows. In Red Cross circles, she is reputed to be "the lady who can't say 'no' to any difficult assignment.

Despite the fact that she has a gentle and soft-spoken manner, Mrs. Fellows is remarkably adept at "getting things done." In taking the initiative for any task, she pursues the direct course of action—no long drawn out plans, but action.

Prominent in Mrs. Fellows' current activities in Daly City are the Red Cross Workshop and the Victory Book Campaign. In operation since the war, the Workshop has a sewing project for making garments for service men and charity. Headquarters are in the Daly City Theatre hall.

The Victory Book Campaign is for the purpose of securing books for service men in the armed forces, and Mrs. Fellows is active chairman of the drive.

Affiliated with the San Mateo County chapter, Mrs. Fellows has been a member of the Red Cross for the past twelve years, and, in that time, has engaged in every kind of charity work. She was appointed by the county officials as town chairman of the Daly City group early last year.

Previous to that time, Mrs. Fellows was chairman of the Roll Call in Daly City for eight years. However, she was relieved of those duties in 1940 so that she could devote her time to the numerous other activities she had in the organization.

County records show that, during the time Mrs. Fellows was Roll Call chairman, Daly City made an appreciable gain in membership, a gain which continued through the 1941 drive.

Also included on Mrs. Fellows' long list of tasks is her membership on the nursing activities committee of the county chapter, a committee which is acclaimed by Red Cross authorities to be the most important in the entire organization.

After the large volume of Red Cross activities, Mrs. Fellows manages to find time for her household duties. Mr. and Mrs. Fellows have a family of two boys, Kenneth, 17, and Wilbur, 15.

Colma Red Cross Workers Get Pins

With more than a hundred hours of work behind them, ten ladies of the Colma Red Cross unit will soon be presented with their pins. Those to receive their awards include: Mrs. Lizzie Atkinson, Mrs. Truman Bentley, Mrs. Mary Conserva, Mrs. William Gohl, Mrs. M. Jensen, Mrs. Tina Hollingsworth, Mrs. John Price, Mrs. James Packwood, Mrs. Henry Van Kempf, and Mrs. Joe Hopper.

The Colma organization was established July 23, 1941, by Mrs. M. Jensen. Already the unit has contributed 1,763 hours and 55 minutes. Over five hundred articles for men in service, refugees, and evacuees have been finished.

The organization started with a membership of twelve and it now exceeds 25. Mrs. Jensen, dressed in the regulation uniform for Red Cross production workers, white gown, blue headdress and red cross on pocket to signify her chairmanship, announces that membership is still open. All who would like to devote some of their spare hours to Red Cross work are welcomed. The doors to the work rook are opened every Wednesday from 9:30 a. m. to 4 p. m.

The workers are situated in comfortable heated headquarters, donated by the city council of Colma, in the town hall. Mrs. Jensen announces that further facilities will be made in the near future with kitchenette and first-aid room added to their now spacious headquarters.

orette drill by Miss Rose, local dancing teacher, will accompany "American Patrol."

In addition to the military music, variety will be added to the program with a new concert arrangement of "The Bells of St. Mary's," "New Moon" overture, "Arabola," an Arabian interlude, and "Twilight Serenade." The band will also render the fourth movement of "The New World Symphony," written by Anton Dvorak.

The concert will open with "The Star Spangled Banner." Henry Sundermann, sr., member of the city council, will make the introduction, and Judge John J. Fahey jr. will deliver a patriotic address.

Colma AWVS Unit Hears Resume of Services

(Continued from Page 1)

W. V. S. spoke at the conference on the part that women are playing in this war. Some of the local officers also spoke to the group.

Miss Helen Chesebrough, member of the county Red Cross, was the first speaker, and she gave an inspiring talk of the work being accomplished in the Production departments and the instruction classes of the Red Cross in San Mateo county, particularly in First Aid and Nutrition.

Representing the A. W. V. S. at the meeting was Mrs. Wade, a member of the San Mateo County A. W. V. S. Speakers' bureau. Mrs. Wade gave the group much practical information about the work of the A. W. V. S.

Mrs. Stella Jensen, chairman of the Colma-Lawndale Production Room of the Red Cross and Mrs. Margaret Pauline Brown, unit leader of the Colma A. W. V. S., made short talks regarding their fields of work. Miss Marie Traynor, secretary of the Colma A. W. V. S., concluded the program with a report of the local unit.

In an effort to raise funds for current expenses, a grocery whist will be held Friday, March 6, at 2 p. m. in the Colma Community Center, it was announced by Mrs. Stella Packwood and Mrs. Charles Suenderman, assistant leaders of the Colma unit. The members who served as registrars volunteered to act on the committee of arrangements. Mrs. Leota Kennedy will have charge of refreshments.

of technicolor shorts in Hollywood. His work was so satisfactory, that he was retained for the group's nation-wide tour this winter.

This reviewer concurs with the opinion of San Francisco critics who described Lang's appearances during the week as "conspicuously good work." Sunday afternoon's performance of "The New Yorker" revealed Lang in a clever caricature role as one of the "Small Fry."

Last week's program of ballet at the San Francisco Opera House was brilliantly successful, with the corps de ballet never better than this season.

Street Rioting

they attempted to halt the street brawl. The brawl was stopped a few minutes later when Police Chief James G. Reardon and Sergeant W. W. Sunderland appeared on the scene.

When they appeared in court, Monday, Johnny and Theresa Compagno were represented by their attorney, Joseph Haughey. The defense council stated that Tony Compagno would report to the judge's office the following day.

Theresa was released from custody free from bail and the court required Tony Compagno to place a property bond in the sum of $500. Johnny Compagno was ordered to place a bond of $2500.

Counsel for the prosecution in the trial will be a representative of the district attorney's office in Redwood City. If D. E. Sullivan, district attorney's office, is unable to prosecute, the counsel will, in all probability, be Louis B. DeMatteis or Buress Karmel.

In addition to the justice court complaint Chief of Police James G. Reardon brought separate charges against Johnny Compagno by signing a city complaint on the charge of disturbing the peace.

SOUTH END SUIT

(Continued from Page 1)

assessment, according to the suit.

Representing the South End property owners in the suit are two San Francisco attorneys, A. J. Scampini and Harold E. Haven. City Attorney Rudolph A. Rapsey represents the city council in the case. Hanrahan and Company, general contractor of the street improvement project, is legally represented by Ernest A. Wilson.

All legal representatives were present at the protest meeting in Daly City last month. The informal hearing at the protest meeting brought testimonies from Robert Klassen, city engineer, and B. C. Ross, city clerk, and from the contractor.

Scampini, after cross-examining city officials and the contractors, claimed records of the city concerning the project to be used as evidence in the trial. Klassen gave an account of the expenditures of the engineering department at the meeting, affirming that he could supply a complete record of the costs.

Wilson explained to the property owners' representatives the reason for the additional expense, declaring that the project necessitated the contractor's extending the time considerably due to circumstances, such as the temporary abandonment of the two year job under WPA supervision.

Reading & Writing

By Edwin Seaver and Robin McKown

Henry Seidel Canby, the noted critic, once said that "a sense of humor is worth gold to any writer." Franklin P. Adams, erstwhile columnist and now one of the Iron Guard on Information Please disagrees. "The writers who amass the greatest gold have, it seems to me, no sense of humor," he once wrote, "and I think also that if they had, it would be a terrible thing for them, for it would paralyze them so that they would not write at all. For in writing, emotion is more to be treasured than a sense of humor, and the two are often in conflict."

This is a sound observation, according to E. B. White, who with his wife, Katherine S. White, has edited an anthology of a thousand and one laughs—"A Subtreasury of American Humor" (Coward McCann: $3.00). If you want to be successful as a writer—make 'em weep. If you want to be loved—make 'em laugh.

"A Subtreasury of American Humor" contains representative writings of 99 Americans, ranging from Benjamin Franklin to James Thurber. But the Whites have not included anything in their anthology just because somebody at some time solemnly announced that it was funny. They have selected the things that they themselves like and that struck them just as funny the second time they read them as the first. Their motto throughout was:

"If it be not droll to we,
What care us how droll it be!"

And this, we think, is a good working motto for any anthologist, be his subject humorous or otherwise. "A Subtreasury of American Humor" is a real honey of a book, containing entertainment for many a winter evening. The Book-of-the-Month Club is sending it out to its members as a book dividend, and it is likely to live long after that as a real classic among anthologies.

* * *

Carl Glick, author of "Shake Hands with the Dragon" (Whittlesey House: $2.75), which Lin Yutang says is the best non-fiction book by an American about the Chinese people since Carl Crow wrote "400 Million Customers," is writing another book about New York's Chinatown. Down Mott Street and up Pell, he's a celebrity these days, and is hailed everywhere with "Hello, Mr. Glick," and "How's the dragon?" At the Sugar Bowl, where he was dining with us the other evening, he was greeted by the young-looking, smiling patriarch, Mr. Chin, who features importantly in the book. Mr. Chin presented the author with a photograph of himself flanked by his six sons, his two daughters, and innumerable grandchildren, which Mr. Glick accepted with truly Chinese courtesy. "Just think," he told us afterward, "I knew Mr. Chin for ten years before he consented to speak to me in English."

OFFICERS

It was a great day, Wednesday, for the new officers of Jeff, as outgoing leaders turned over their respective officers.

Roy DeVincenzi, newly installed student body president, was presented a gavel with his name and year of office engraved on it.

"More student activities and student participation, will be our aim for the coming semester," stated DeVinvenzi.

Biggest plan in the fire at the present, is their annual aquacade. From all reports it will be bigger and better than ever. DeVincenzi is in charge of the script.

ASSEMBLIES

It was announced by President DeVincenzi that tentative assembly schedules have been set up for the new term.

The schedule is as follows: Monday—homeroom; Tuesday—speakers; Wednesday—motion pictures; Thursday—miscellaneous; Friday—student participation assembly.

CLASS ELECTION

Selection of new officers for the four classes at school will be held Friday afternoon. All who are aspiring for offices must have grades not below a c-.

ENTERTAINMENT

If you're superstitious you had better not plan on attending the next school dance. Members of the entertainment committee announce the date of the next school get-together as Friday, March 13.

In keeping with the Jinx dance, black cats, ladders, and everything to make Lady Luck turn her head will decorate the auditorium.

Frank Feno, entertainment chairman, announces that two new members will be added to his committee.

TOTEM POLE

The Totem Poles will be out, tomorrow, for the first time this semester. A complete new staff has been elected. Names will be given next week.

DRAMATICS

Roy J. Gale, new instructor of dramatics, today announced a full program for his students. The class is planning a pageant to be presented to the members of the P. T. A. at a district meeting.

Music

INDIANS OF RHYTHM

Two members of the Indians of Rhythm were lost due to graduation, Wednesday. The boys, Ralph Shinazy and Donald Thomason, were the lead men in the trumpet section.

Howard Miguel, band leader, announces that tryouts will be held soon for new band members and singers.

The group is planning lots of assembly programs and amateur programs for the coming semester.

The program, presented by the group for service men of Sharp Park, was so well received that they have been asked to present similar programs once a month.

At present the unit is working on a program for the district meeting of the P. T. A., scheduled for the latter part of February.

ORCHESTRA

Oscar Busch, instructor of music, announces that his orchestra is busy working on a concert which they plan to present to the public some time in March.

Chorus members will present a program for the P. T. A. district meeting.

JEFF CONTINUES IN LOSING STREAK

Losing both contests by fairly close scores, Jefferson high school's basketeers added another week to their growing losing streak, Friday, at Half Moon Bay in a Peninsula Athletic League basketball card. The Bay 130's took the measure of the Jefferson lightweights by a score of 24 to 17 in the first game, and, in the second game, the varsity Bay team won a close 23 to 18 game from Jefferson's varsity.

Defense lines of the Jefferson varsity looked better than previous games have shown, except that Ram, Half Moon Bay forward, scored 14 points.

Jeff's 130's were led, offensively by Charlie Razzari, speedy forward, who tied Francis, Half Moon Bay center for high point honors. Both men hit the hoop for 7 points.

Damage by Termites

The annual damage caused by termites ranges from $37,000,000 to $45,000,000.

My Week

by Eleanor Roosevelt

RURAL PEOPLE AND RATIONING

Recently I attended a dinner given by Dr. Louise Stanley of the bureau of home economics in the department of agriculture for the members of the conference on extension services. This conference is a yearly event and people come to it from many states. This year some of them came from Wyoming and many midwestern states.

Miss McGeachy of the British embassy spoke on some of the problems confronting rural women in England. I asked her to tell about her plan for rationing clothes, since I was sure that these were the people who would really be able to appreciate the ingenuity which turns candlewick bedspreads into fashionable evening coats.

Of course, their objective in rationing clothes was to put more workers into defense industries and fewer into producing consumer goods, and to preserve certain materials for vital war needs.

We may find ourselves doing the same thing. Miss McGeachy's remark, that it was only a hardship on people who had no margin of supplies in their homes, reminded me of something said by an Englishwoman, who came to see me a few days ago. Extra coupons, she said, were given to people who were bombed out or lost all their possessions in a fire.

However, even with extra coupons they could not hope to supply themselves with an adequate amount of clothing. One pair of shoes, two dresses, three pairs of stockings, and one set of underclothes is all the usual coupon will buy for about a year. Men are worse off, because their clothes are sold according to weight and weigh more than women's.

I always feel that rural people are better prepared to meet these adjustments than urban people, because in cities it is easier to buy and very little thought is given to making up new materials or making over old garments at home, a practice which still prevails in many country families.

LATIN-AMERICAN FAIR

In New York city one evening, I went to a very charming dinner, given before the opening of Macy's Latin-American fair. Even during the dinner, the stage was set, for we were delightfully entertained with music and dancing, performed by artists from our neighboring republics.

At the fair, I could not help but be impressed by the architecture of the buildings and the charming arrangements of flowers and merchandise. There will be music and dancing and food served during this exhibition. You can buy groceries, fruits and handwork as they come from these neighbors of ours. Their designs and skills are also adapted to modern needs. Some of the leather work and rugs, and much of the glass and pottery, make you want

After I left the fair, I stopped for a minute at a weekly dance given by Miss Anne Morgan's committee at the Henry Hudson hotel. Here, a crowd of boys in uniform, belonging to both services, were having a good time with some very charming girls.

On my arrival, they released some balloons from the balconies and I was told the boys and girls caught these. In two of them, lucky numbers were found, which entitled a boy and girl to a prize. I presented these prizes, but the boy who found the lucky number for the girl's prize, had lost his girl, so we had to send him scurrying, box in hand, to find her in the crowd.

Sift flour once, measure, add baking powder, salt, and spices, and sift together three times. Cream butter thoroughly, add sugar gradually, and cream together until light and fluffy. Add eggs, one at a time, beating well after each. Add molasses and mix thoroughly. Add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Bake in two greased 8-inch layer pans in moderate oven (375° F.) 20 to 25 minutes, or until done.

sold within Daly City, and it is necessary for the board to determine which applicants are issued certificates authorizing the purchase of new tires and tubes.

Applicants who desire to purchase the equipment are required to report to the board in Room 22 of the city hall. The applicants are asked to fill out an application, stating the need for the equipment, and the kind of use to which the vehicle is to be put.

The applicant must have a recognized tire inspector make an investigation of the rubber equipment that is currently used on the machine, and the inspector makes a report of the same to the rationing board.

The local board made a request to all car owners of the city to instigate methods of conserving rubber equipment on cars. Motorists were asked to see that their tires were inflated properly.

Will your HEATING EQUIPMENT Serve you throughout the war?

Guns, tanks, ships, bombs, and shells take first priority in all metals. Many manufacturers of gas heating equipment are now manufacturers of munitions of war. They are making only a small percentage of normal output in heating devices.

If your present heating equipment needs repair or replacement, it would be wise to do it soon. Gas heating equipment is still available on reasonable term payments.

"Hot Spot" Now Playing At D. C. Theatre

Five men went for her in a big way . . . yet they all had reasons for wanting her out of the way. That is the background of the year's most exciting mystery drama, 20th Century-Fox's "Hot Spot," which is now playing at the Daly City theatre.

Hollywood's three most thrilling personalities, Betty Grable, Victor Mature and Carole Landis, have the leading roles in this story of the girl who was taken out of the hash house and made the darling of cafe society.

Carole, despite her sister Betty's protest, agrees to let herself be glamorized by Mature, a promoter, Alan Mowbray, a well-known actor, and Allyn Joslyn, a leading columnist. After she signs a Hollywood contract without her backers' consent, she is found murdered.

Laird Cregar, the detective placed in charge of the crime, seems more interested in putting the finger on Mature than finding the real murderer, especially since most of the clues point to him. The mystery is deepened even more when Betty falls in love with Vic and holds out evidence which makes him look even more guilty.

"Hot Spot" has Victor Mature in his first screen role since his hit on the Broadway stage in "Lady in the Dark." Betty and Carole recreate the sister team which received so much popular and critical acclaim for their performance in "Moon Over Miami."

Companion feature on the current bill is "Two Latins From Manhattan," with Joan Davis and Jinx Falkenburg.

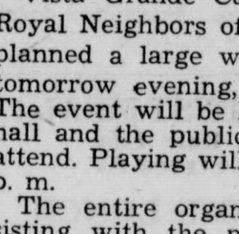
Say It With Sauce

By Frances Lee Barton

UNDOUBTEDLY that ice cream, pudding or cake you intend making will be very delicious and relished by all in your home. But your compliments will be doubled if you cover the dessert with Chocolate Sundae Sauce. It is simple to make. Requires but four ingredients, and about eight minutes of your time.



By the way, this sauce would be excellent to use for that party you may be planning.

Chocolate Sundae Sauce

2½ squares unsweetened chocolate; ½ cup water; ¾ cup sugar; dash of salt.

Add chocolate to water in small saucepan, bring to a boil, and cook gently 4 minutes, stirring constantly. Add sugar and salt, and boil 4 minutes longer, stirring constantly. Serve hot or cold on ice cream, puddings, or cake. Makes 1 cup sauce.

This sauce may be kept in an air-tight container in refrigerator and used as a syrup base for hot chocolate drinks.

"Alert" Gives Chance To Practice

(Continued from Page 9)

the success in contacting senior wardens in the shortest possible time. Bodien, with the assistance of Twesten and Cavagnaro, telephoned fifteen senior wardens out of the 24 precincts before the "All Clear" was given.

The lines were held open, and there was no unnecessary conversation between headquarters and the wardens. Bodien declared that, in most cases, the wardens knew what the one word message, "blue" meant, accepted the signal and hung up. Air raid wardens were sent to their posts when they were reached by their senior wardens.

"It was all so fast," Bodien declared, "that we had the majority of wardens at their posts in quick order. The alert afforded a fine drill for the wardens and the civilian defense heads, and I certainly want to commend the boys on their quick response."

Regular police officers went to their assigned stations, and were ready to direct duties of the auxiliary officers, should a blackout be ordered.

DEEP CREAM CURRY SOUP

by Dorothy Greig

AN odd, delightful soup stirs guests to their sparkling best and is happy beginning indeed to the meal.

Such a soup is Deep Cream Curry Soup. It is deliciously unusual, a soup to enhance the reputation of any hostess. And when people ask about it there's no need to explain that it is simplicity itself to make—unless, of course, you can't resist the urge to pass on the recipe. You will notice that condensed consommé is the base—the chief reason the soup is easy to make.

1 can condensed consommé
½ cup water
3 tablespoons apple butter
½ cup heavy cream, heated
½ teaspoon curry
½ teaspoon lemon juice

To the consommé, add the water and apple butter Heat and stir the soup mixture. Then add the hot heavy cream and the ½ teaspoon curry mixed with a little of the soup. Remove from the fire, add the lemon juice and serve immediately. Serves 3-4.

'Breaking' Into Movies

Two husky young men of 16 and 17 have been visiting all the studios in Hollywood by a simple trick. They buy some lumber—usually just one long board—and carry it in one of the side or rear gates. Once on a lot they're able to walk around as long as they like, but they have to leave the lumber there when they go home. The way they were discovered was by nearly being arrested for trying to carry their own board out of a studio.

First In Food

By Frances Lee Barton

OUR immortal president, George Washington, has oft been referred to as first in war; first in peace; and first in the hearts of his countrymen.

Let us pay tribute to him on his birthday by naming the following cake in his honor:

Washington's Birthday Cake

2 cups sifted cake flour; 2 teaspoons double-acting baking powder; ½ teaspoon salt; ⅔ cup butter or other shortening; 1½ cups sugar; 3 eggs; ⅔ cup milk; 1 teaspoon vanilla.

Sift flour once, measure, add baking powder and salt, and sift together three times. Cream butter, add sugar gradually, and cream together until light and fluffy. Beat eggs, until very thick and light; add to creamed mixture and beat well. Add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla. Bake in two greased 9-inch layer pans in moderate oven (375° F.) 25 minutes, or until done. Fold 12 chopped maraschino cherries into ½ cup sweetened whipped cream and spread between layers. Spread ½ cup sweetened whipped cream on top of cake. Decorate with candy hatchets or maraschino cherry halves.

Butterflies Symbolize Immortality

Because butterflies symbolize immortality in Chinese myth, says an article in the magazine Natural History, jade carvings of butterflies were often buried with the dead in old China.
